

K3 Bluetooth Range 200m Compact Laser Distance Meter

Brief Introduction

mOS V2.2 intelligent measurement system
 HD Display
 200m range, 1.5mm accuracy
 Data transfer via Bluetooth
 Extension design
 4 measurement reference
 With USB interface
 Ultra large thousands of sets of data
 1200mAh lithium battery

Features

Instant measurement of distance, area & volume with one button operation: YES
 Wide measuring range: YES
 High accuracy: YES
 Automatic calculation of Area and Volume: YES
 Single/ Continuous measurement: YES
 Indirect measurement by Pythagorean Theorem: YES
 Max/ Min distance tracking (display value): YES
 Easy Addition/ Subtraction of measurement: YES
 Set up front/ rear benchmark: YES
 Selectable meter, inch and feet: YES
 Data store/ recall function: 20 data store
 Data hold/ Data clear function: YES
 Level bubble: YES
 Bluetooth: YES
 Easy targeting with bright laser pointer: YES
 Laser LCD with backlight and multi-line display (4 lines): YES
 Auto correction and error report technology: YES
 Buzzer indication: YES
 Battery status indication: YES
 IP 65 ingress protection: YES
 Auto/ Manual Power off function: YES
 Multi-function with intelligent calculation: YES
 Compact & Handy design: YES
 CE, RoHS, FCC, FDA certification: YES

Product Parameter

Distance	0.2-200m	buzzer	√
Accuracy	±1.5mm	background lighting	√
max/min measurement	√	dimensions(mm)	125*53*32
area measurement	√	constants	√
volume measurement	√	bluetooth	√
triangle area measurement	√	automatic level	√
once Pythagorean	√	automatic vertical	√
second Pythagorean	√	loft measure	√
angle measurement	√	addition/ subtraction	√
timing measurement	√	before and after the reference point	√
temperature measurement	√	system upgrade	√
Level	√	mOS Smartphone operating system	V1.5
screw hold for tripod	√	data editing	√
measuring units	m/ in/ ft/ ft+in	bubble	√
color	√	exporting date	√
battery type	lithium battery	dock	√
battery life	15000 times	history(group)	1000
battery capacity	1200 mAh	waterproof and dustproof	IP65
